

CELEBRATE SAFELY

Prevent Personal Injury
this Fourth of July

Stay Safe This 4th of July!

Will you be hosting a Fourth of July celebration this weekend?

Independence Day is the perfect opportunity to spend time with friends, family, BBQs, and fireworks. However, while we enjoy spending time with our loved ones, it's also important to remember that the Fourth of July is a holiday with many hazards. Keep your family and friends' safety in mind with these tips to prevent Fourth of July personal injuries.

Tips to Prevent Injuries:

- **Be Careful Around Fireworks** - Fireworks might be a Fourth of July staple, but aside from the fact that they are illegal, they are also dangerous. Each year, people are hospitalized for firework related injuries. Be sure to take the proper precautions around fireworks.
- **Keep Flammable Items Away from the Grill** - A Fourth of July celebration wouldn't be complete without a BBQ. Remember to keep flammable objects away from the grill.
- **Designate a Driver** - Many Fourth of July celebrations include drinking alcoholic beverages with friends and family. However, if you will be driving, remember to designate a driver! It is more important to be safe and avoid a drunk driving accident or DWI.
- **Watch Young Children Swimming** - Keep an eye out for young children who may be swimming in the pool. Always make sure that an adult is supervising.

We hope that everyone enjoys their celebrations safely!

In the unfortunate event you do encounter any personal injuries this weekend, our attorneys are here to ensure that you receive any compensation that you may be entitled to for your personal injury claim. Please contact our office with any questions you may have.

Sincerely,
The Attorneys & Staff at Pyrros & Serres, LLP
